

Pneumatic Rubber Fenders Ø1,2m x 2,0m L

Features:

- High energy absorption with a low reaction force
- Adjust performance by varying internal pressure
- Low maintenance
- Suitable for areas with tidal difference
- Chain and tyre protection net for heavy duty use
- Chain, shackles and swivel joints are Q235
- Manufactured in accordance with ISO17357:2014

Pneumatic Fender Ø1,2m x 2,0m L

Out diameter(without tire)	: 1200 mm
Length	: 2000 mm
Initial internal pressure	: 50 kpa
Testpressure	: 200 kPa
Energyabsorption (at 60% deflection)	:63N-M
Reactionforce (at 60% deflection)	: 297kN
Weight	: 212 kg
Wall thickness	: 12 mm
Warranty	: 6 months
Certification	:ISO17357
