

Pneumatic Rubber Fender Ø2,5m x 5,5m L

Features:

- High energy absorption with a low reaction force
- Adjust performance by varying internal pressure
- Low maintenance
- Suitable for areas with tidal difference
- Chain and tyre protection net for heavy duty use
- Chain, shackles and swivel joints are Q235
- Manufactured in accordance with ISO17357:2014

Pneumatic Fender Ø2,5m x 5,5m L	
Out diameter(without tire)	: 2500 mm
Length	: 5500 mm
Chain Diameter	: 14mm
Shackle Diameter	: 32mm
SwivelDiameter	: 32mm
Initial internal pressure	: 50 kpa
Testpressure	: 250 kPa
Hullpressure at GEA deflection	: 148kPa
Energyabsorption (at 60% deflection)	: 943 kN-M
Reactionforce (at 60% deflection)	: 2019kN
Fenderweight	: 1900kg
Warranty	: 12 months
Certification	: ISO17357
