

Tugboat fender

Tugboat rubber fender Description:

Tug rubber fender is made of high durable rubber with good resilience properties. They are produced in mould and have excellent sea water resistance, as well as resistance to ozone ageing and UV rays. As a result, tug rubber fender has a long working life. They are very popular with small port craft owners and tug owners.

Tugboat rubber fender specification&dimension:

Serial No.	Φ D(mm)	Φ d(mm)	A(mm)	B Max(mm)	C(mm)	Φ G(mm)	Φ J(mm)
